

To Whom it may concern,

My name is Elyse Fila of 31 Niederwerfer Rd., Broad Brook, CT.

On behalf of the families of East Windsor who are affected by the pollution of groundwater, I would very much appreciate your earnest efforts to help us find some resolve to getting potable water throughout our community. Some areas are affected by a variety of chemicals and various solvents which are hazardous to one's health, and the health and well being of the people of our community is our greatest concern.

We need some financial assistance to be able to continue to maintain the systems that have been put in place, as well as some guidance as to how we can in the future have a long term resolution to this situation.

Again, on behalf of the people of East Windsor, I hope you can get Bill #306 and Bill #5420 passed.

Thank you for your time and consideration.

Yours truly,
Elyse Fila
